LeanBiome

LeanBiome – Gut Health & Weight Loss Support

LeanBiome is a science-backed supplement designed to support gut health and promote natural weight loss. It delivers 9g of fibre daily (6g from prebiotics) to help bridge the fibre gap, supporting better digestion, metabolism, satiety, and fat burning. The formula includes clinically studied probiotic strains like *Lactobacillus gasseri*, *L. rhamnosus*, and *L. fermentum*, along with GreenSelect Phytosome (decaffeinated green tea extract) to enhance metabolic function naturally, without stimulants.

LeanBiome is a gut-health and weight-loss supplement designed to tackle an overlooked cause of weight gain: an imbalanced gut microbiome. According to recent research, your gut bacteria can actually control cravings, fat storage, metabolism, and even your mood.

LeanBiome uses a blend of lean bacteria strains + natural ingredients to rebalance your gut microbiota, boost fat burning, and reduce hunger-naturally.
